9/25/2020	VANCE			1			
9/25/2020	WAKE	3		1			
9/25/2020	WAYNE	1					

Note:

If a county is not listed within the demographic groups then there were no reported cases or deaths for that day. If a county's values appear blank or do not appear for that day, there were no reported cases or deaths for that day.

"Missing" demographic groups represents the cases and deaths that are missing demographic information on their laboratory report. All numbers are preliminary and may change as cases are investigated.

The following rules have been applied to suppress data for demographic groups with a population less than 500:

Gender: No population suppression needed

Race, Age, Ethnicity: Suppressed demographic groups have been attributed to "Suppressed", displaying total count of cases and deaths.
